DETAILED ACTION

1. This communication is in response to amendment filed 3/3/06.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/3/06 has been entered.

Response to Amendment

3. Claims 1, 17, and 18 have been amended and claims 2-4 and 9 have been canceled. Claims 1,5-8 and 10-18 are currently pending in the application.

Response to Arguments

4. The pending claims have been thoroughly examined and are deemed allowable over the prior art subject to certain deficiencies identified under 35 USC 112(second) as follows.

Claim Rejections - 35 USC § 112

Art Unit: 3624

5. Claims 1,5-8 and 10-17 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The subject claims recites process steps in indefinite forms such as “the server executing one or more computer instructions for ...”. This form renders the claim indefinite because its functionality of the computer execution is only in intended form.

To resolve the applicant is requested to amend the claim(s) in the form:

“calculating by a server by executing one or more computer instructions a total bid ..”

Note that this analysis is only intended to be exemplary. The applicant is required to amend the claim wherever this type deficiency occurs.

Allowable Subject Matter

6. Claims 1,5-8 and 10-17 are deemed allowable over the prior art of record subject to applicable correction as suggested above. Claim 18 is allowed over the prior art.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
